

ELT /GPS Blade Antenna

P/N 10-118-35

Tri-band Emergency Locator Transmitter (ELT) blade antenna with GPS, transmitting the Cospas-Sarsat 406MHz distress message and the 121.5 MHz and 243 MHz homing frequencies with a GPS receiver. To be used with an Emergency Locator Transmitter. Designed for fixed wing and rotary wing aircraft.

Technical Specification

Frequency:	121.5/243/406.025/1565-1585 MHz
Type:	Blade
Category:	ELT
Finish:	Black/White/Grey
VSWR:	2.5:1/2.5:1/1.5:1/2:1
Polarisation:	Vertical/RHCP GPS
Connector options:	BNC/TNC
Weight:	0.39Kgs/0.85Lbs
