

GPS / Iridium Antenna

P/N 10-264-50

Dual GPS / Iridium SATCOM Antenna with a single SMA connector. The radiating elements are enclosed in a thermoplastic composite shell. Designed for fixed wing and rotary wing aircraft.

Technical Specification

Frequency:	1616-1626.5 / 1575.42 MHz
Type:	Low Profile
Category:	GPS Iridium
Finish:	Black/White/Grey
VSWR:	$\leq 2:1$ (GPS) / $< 1.7:1$ (Iridium)
Polarisation:	RHCP
Connector options:	SMA
Weight:	0.15Kgs/0.33Lbs
