

The Ocean SOLAS Compact liferaft is built to the advanced buoyancy of 82.5kg per person and meets the MSC.295(87) regulations. Designed and developed in-house; the SOLAS Compact is a progression of the military range supplied to the MOD for over ten years. The SOLAS Compact offers a 40% space reduction over the cylindrical container, an important feature when room onboard is at a premium. It can be stored horizontally or vertically and is designed for vessels with a stowage requirement of up to 18m.

Key Features

- 6, 8, 10, 12 man
- SOLAS A & SOLAS B Safety Pack Options
